

PROFESSIONAL GRADE FERTILIZER

SUGGESTED APPLICATION GUIDELINES

GENERAL APPLICATION REQUIREMENTS

- Get professional guidance when applying the material from an agronomist, certified crop advisor, university extension agent, certified nutrient management planner, or Landscape Supply/Turf and Gardening Store professional representative.
- Select the proper fertilizer analysis based on time of season, type of plant material (turfgrass), condition of plant material (maintenance, new or spot bare ground seeding), type of soil (sand, clay, silt), or soil analysis recommendations.
- Do not apply this material if rainfall is eminent. Do not apply this material near and/or adjacent to bodies of water (ocean, bays, rivers, creeks, tributaries, storm drains, ditches, and/or any channel device which will encourage migration of this material from stormwater service run-off.
- Only apply this material to pervious surfaces to include but not limited to: turfgrass, lawns, athletic fields, vegetated slopes, gardens, plant beds, mulch beds, and other growing medium areas.
- Immediately after application of this material, remove any/all (over applied) particles and residue from any/all impervious surfaces to include but not limited to: roadways, driveways, walkways, curb/gutters, steps, and/or any/all impervious surfaces by sweeping, blowing, hosing onto adjacent pervious surfaces.
- When applying nitrogen to cool season turf, do not exceed .9 lb. of N per 1000 sf in a 30 day period and on warm season turf, do not exceed 1 lb. of N per 1000 sf in a 30 day period.

FERTILIZER ANALYSIS	SUGGESTED TYPES APPLICATION	SUGGESTED SEASONS APPLICATION	SUGGESTED AMT. OF ACTUAL BAG CONTENT APPLIED PER 1000 SQ. FT. PER APPLICATION	SUGGESTED SPREADER SETTINGS PER SPREADER MODEL						
				CHAPIN	EARTHWAY E-V-N SPREAD	SCOTTS SPEEDY GREEN	SCOTTS EDGE GUARD	AGRIFAB	PRECISION	PRIZELAWN
10-20-10 (STANDARD NUTRIENTS + NATURAL BASE)	LAWN SEEDING & SOD INSTALLATION (NOT FOR GENERAL TURF MAINTENANCE)	FEB, MAR, APR, AUG, SEPT, OCT, NOV	9 lbs. PER 1000 SF	18	19	6	6	4	3.5	6
14-20-14 (W/CRN)	LAWN SEEDING & SOD INSTALLATION (NOT FOR GENERAL TURF MAINTENANCE)	FEB, MAR, APR, AUG, SEPT, OCT, NOV	6.4 lbs. PER 1000 SF	17	18	5.5	5.5	4	5.5	5.5
25-0-15 (W/CRN + 2% Fe)	LAWN (REG. MAINTENANCE)	APRIL, MAY, AUGUST, SEPTEMBER	3.6 lbs. PER 1000 SF	16	16	5	5	4.5	4.5	5
32-0-7 (50% CRN)	LAWN (REG. MAINTENANCE)	SEPTEMBER, OCTOBER, NOVEMBER	2.8 lbs. PER 1000 SF	13	14	3.5	3.5	4	4	4

SUGGESTED APPLICATION GUIDELINES

5-10-5 (W/30% NATURAL BASE + MICRONUTRIENTS)	GARDENS (FLOWER, FRUIT, VEGETABLE) PLANT BEDS LANDSCAPES	MARCH, APRIL, MAY	GARDENS: Apply 2.5 lbs. per 100 sf up to 6 times throughout growing season. BEDDING PLANTS: Add 2 tsp. per hole in backfill. 1/4 cup per established plant.
10-10-10 (W/30% NATURAL BASE + MICRONUTRIENTS)	GARDENS (FLOWER, FRUIT, VEGETABLE) PLANT BEDS LANDSCAPES	MARCH, APRIL, MAY	GARDENS: Apply 1.5 lbs. per 100 sf up to 6 times throughout growing season. BEDDING PLANTS: 1 tsp. per backfill hole when planting. Use 1/8 cup per plant in established beds.
12-3-6 (W/CRN + MICRONUTRIENTS)	GARDENS (FLOWER, FRUIT, VEGETABLE) PLANT BEDS LANDSCAPES	APRIL, MAY, JUNE, SEPTEMBER	Apply 0.8 lbs. per 100 sf in established beds for both bedding plants and shrubs, once in spring and once in fall.
14-14-14 (W/CRN + MICRONUTRIENTS)	GARDENS (FLOWER, FRUIT, VEGETABLE) PLANT BEDS LANDSCAPES	MARCH, APRIL, MAY, SEPTEMBER	Apply 1.4 to 2.9 lbs. per 100 sf in established beds for both bedding plants and shrubs. Apply 1/2 lb. per 100 sf for vegetables as a sidedress.

- NOTE: Nutrient sources may vary. Please refer to analysis label on the front of the bag for actual nutrient sources inside the bag.
- * The settings shown here are only approximations and will vary due to physical characteristics of the product, walking speed, turf condition, wind condition, humidity, etc. Warranty and guarantees of actual coverage or uniformity are neither expressed nor implied.

CAUTION:

KEEP OUT OF REACH OF CHILDREN

This product may be harmful if swallowed, inhaled or if contact is allowed to skin or eyes. In case of skin contact, wash thoroughly with soap and water. For eye contact, flush with water for 15 minutes and get prompt medical attention. Do not apply to water sources intended for human consumption, irrigation or domestic purposes, and do not apply under windy conditions.

ATTENTION: RE: APPLICATION

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to turfgrass, garden, or lawn areas. Upon application, always sweep any/all over-applied material off of impervious surfaces (drive, walkway, street) back onto turfgrass or garden area.

LIMITED WARRANTY AND DISCLAIMER

Landscape Supply, Inc. warrants that this product, when used as per manufacturer's recommendations, will enhance and improve turfgrass, lawn, garden and similar vegetative plants. Buyer assumes all responsibility for safety and use not in accordance with directions. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment will vary and are beyond seller's control, seller's liability from the handling, storage and use of this product is limited to replacement of product. This limited warranty is made in lieu of all other warranties expressed or implied.

PROFESSIONAL GUIDANCE

Apply this material in accordance with recommendations of a qualified individual or institution, such as but not limited to, a certified crop advisor, agronomist, university crop extension publication or follow specific instructions per your approved nutrient management plan.
